WORK EXPERIENCE

Freelance Graphic Designer

2019 – Ongoing

- [Bariwell & Vitawell Health](#): Design packaging, flyers, posters and advertisement placements for the commercial Enterprise of the Turkish Bariatric Surgery Foundation over the years
- Designed logos for several companies throughout the years such as the K10 Construction Company, Seard Crafts and [OPSO Industrial Solutions](#), and visuals for the Sluggish Koalas NFT community
- Painted wall art for children at the [AKD Kids Preschool](#) building with fellow artists

Anastasia Eren Shoes

Mar – Sep 2023

Art Director & 3D Artist

- Worked on numerous luxurious designs for women's shoes from idea to the finished product to be sold
- Advised on the global trends in general and specifically on women's footwear and how they can be applied as design that reflects the company's production line of luxury (designer) shoes
- Came closer to the utilization of digital tools to enable the creation of innovative concepts

[Brew Games](#)

Sep – Nov 2021

3D Artist (Internship)

- Observed a startup's minimalistic games' creation process from ideas, ideation, design, art, development, publishing
- Learned how to create low-poly artwork for use in mobile games

[Welter Atelier](#)

2021

Industrial Designer

- Designed various household items ranging from children's furniture, wall-mounted art pieces, pet furniture and study room essentials; designs were manufactured and put on sale in wood, steel and assorted materials

[Toyota Boshoku Turkey](#)

2018 - 2019

Internship as part of a graduation finishing project

- Designed I-Loop, concept for a ring car run by electric to meet the needs of the Toyota Boshoku inter-factory travel for staff after visiting the factories multiple times to assess their situation
- Met the needs of passengers with relaxing music, smart windows for natural light enhancements, auto-ramps for ease of access, air-conditioning for clean air, automatic doors, and easy touch screen commands
- Maximized travel time by having the car loop through a pre-determined route when necessary for passengers; the set-route also makes sure the car is driverless.
